About Us

The Scottish Coastal Clean Up are a small Charity who are committed to helping clear the beautiful Scottish coastline of plastic pollution, working together with local groups and beach cleaning organisations.

We have boats available to assist more remote communities in the removal of collected marine litter from their shores.

So far we have removed over

**35
Tonnes**

**of marine plastic
from our beaches!***

***As of March 2024**

Events

Our annual June Big Beach Clean event encompasses World Ocean Day on 8th June. In 2021 we had over 70 brilliant community and family groups covering the coastline between Berwick-upon-Tweed and Edinburgh over one weekend. In 2022 we built on this success and extended the clean up the coast to Aberdeen. For 2023 we included the west coast covering Gretna to Glasgow, with the hope that by 2025 we can hopefully have the whole coastline being cleaned over one weekend.

As well as our annual June event, we hold various beach blitz weekend events throughout the year to target identified litter hotspots around the Scottish coast. In April 2022 we successfully removed 75m3 of marine detritus off the Isle of Ulva over one weekend. And in 2023 we removed 10 tonnes from one beach in Skye, 4 tonnes of which was collected during a 24 hour non stop clean.

This is where you come in

We are looking to get sponsorship to help support our Beach Blitz weekends in 2024. With your sponsorship we will be able to tackle the most polluted beaches, support local wildlife, and work with local communities to restore our coastline back to how it should be.

Your sponsorship will go towards the cost of transport, covering fuel for the boats and vehicles to get volunteers and charity members to the locations, ferry travel, accommodation and food for the volunteers, and advertising the cleans so that we can hopefully get as many volunteers to help make it possible.

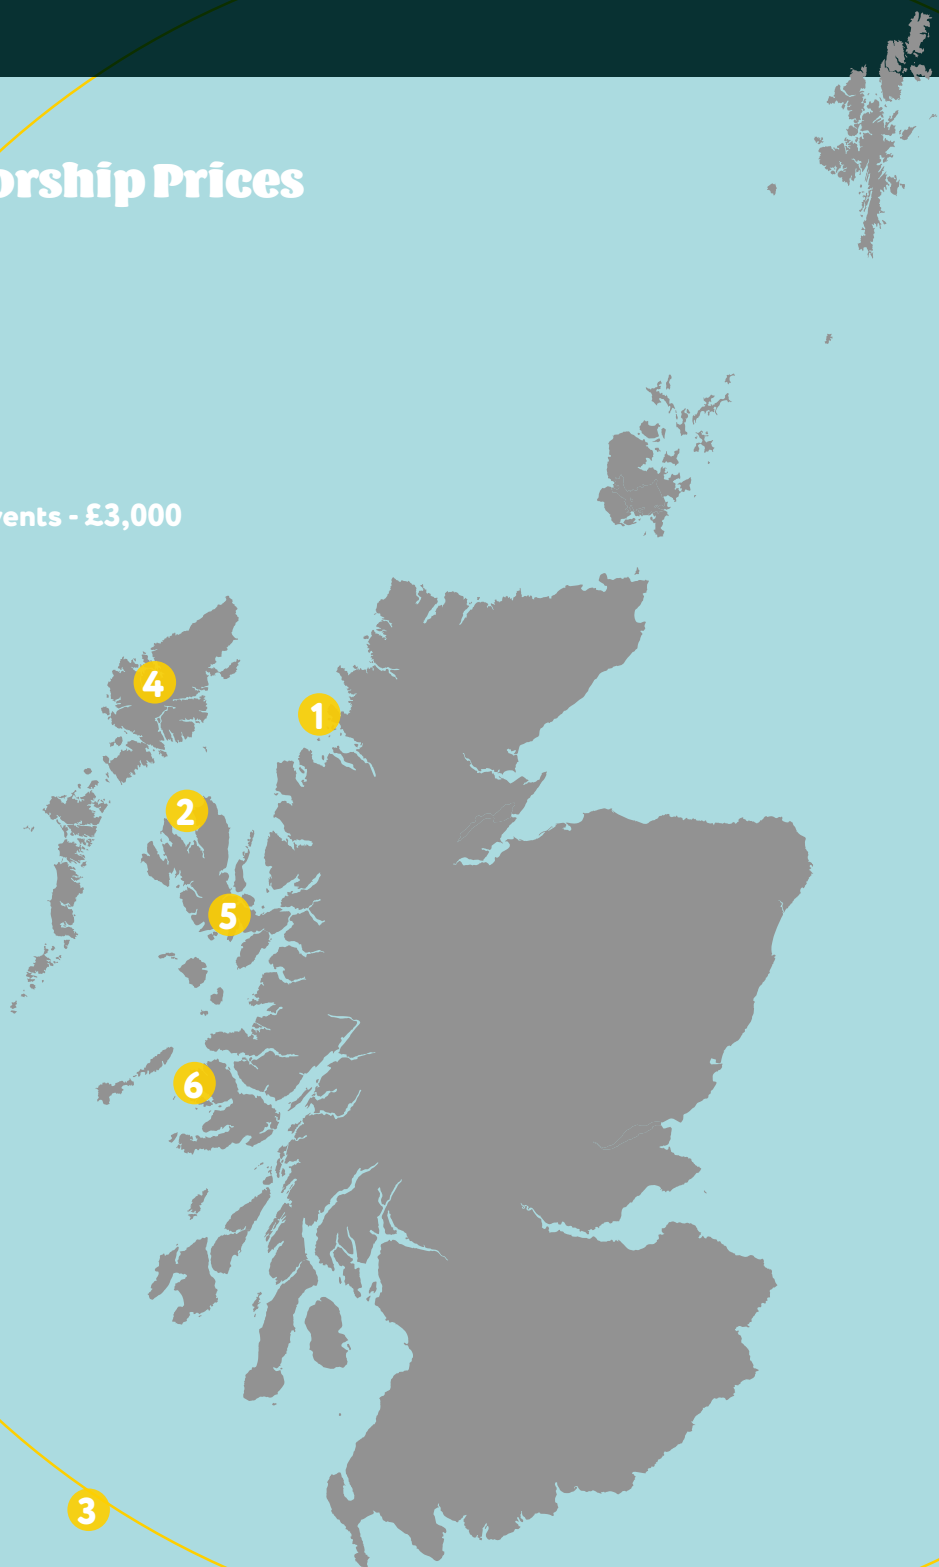

Sponsorship Packages

What you'll get in return is great promotion across all of our social media platforms (Instagram and X), and our website with your logo and promotion of your company sponsoring our cleans. We often get media coverage, and we would promote you as the sponsor of the clean, making the event possible.

We can also offer a private beach cleaning session for your company and staff at a time suitable for you, so that you can be fully involved and part of the amazing work the Scottish Coastal Clean Up and volunteers do.

2024 Dates and Sponsorship Prices

1. **Summer Isles - £2,500**
18 – 21 April
2. **Isle of Skye - £2,500**
16 – 19 May
